Opus Essential Fluid Acrylic Colours

Enjoy the same pigment load as our heavy-body Opus Essential Acrylic Colours, with the smooth, flowing consistency of heavy cream.

Produced in small batches in North America with a quality-first approach, Opus Essential Fluid Acrylic Colours feature high concentrations of permanent, intense, and reliable pigments.

These paints offer an ultra low-viscosity, making them superbly suited for painting, pouring, an endless stream of mixed media techniques, and even for use as inks for refillable paint markers. Use them for airbrushing, too – simply combine equal parts of this luscious paint with an airbrush medium. They are ideal for use on canvas, paper, wood, or plastic. There is no end to the possibilities of creative play!
